KISS Facebook Group (Chelsea)	- Many people in first cohort are still admins on FB group, but he graduated earlier - Many people still have access to Twitter, Google Drive, KISS Website, etc. - Should choose two people: Alex and Ian - In future, should recommend in transition document that passwords be changed annually - Consider making Chairperson and Director of Communications the admins for the Facebook group	
KI Camping (Chelsea)	- Try to get WESEF to fund bus to camping - There is a scholarship available that prefers people who have submitted a successful WESEF Proposal	- Check if Elizabeth Fletcher would like to submit proposal
Constitution (Skaidra)	- Met with David Collins today who offered suggestions - Is it okay if we post highlighted changes, but still vote on Friday? Yes - Will everyone be there on Friday to vote? - Constitution committee will discuss changes. C2 will meet at 1:30 to work out game plan	- Bring at least two friends

Elections (Skaidra)	- Election will be March 28th - How should we inform people? How do we get them informed about new roles? - The UFT Criminology Society offers an hour-long drop in session to let interested parties come by to discuss positions. Could be disadvantaged if you cannot come in based on schedule, but these individuals can - Should we let people be nominated up till election time? From a candidate's point of view, it doesn't matter. It may give voters more of a chance to think about how they will vote for. Like allowing someone to run last minute if they want, so they don't feel discouraged by not having time to campaign. Advantage is for organisers if there is a cut off, but not a big advantage. What if nobody runs for a position? - Should we publish these nominations beforehand? We could update this list daily. KISS Website is not best avenue this year. - How do we handle people who have run for multiple positions? - We could put in a deadline for being published through KISS avenue instead. It's advantageous, but still allows "last-minute" candidates to run. - This year's deadline for publication is Tuesday, March 25th at 11:59pm. - People should have fun with elections! Go BIG (especially because of new constitutions)	
Transition	- Think about it - We'll send a form on March 19th	
Check Out	- Positive thing about your day
