Logo Vote/ Spiritwear	<ul style="list-style-type: none"> - Got a great turnout! 60+ - Organised votes by membership status and then by logo - Will be compiling a report with the process; will also include voter's comments - Some people would have preferred ranked or two round of voting - Should we make results available? Will make a pie chart to see the breakdown - We chose FPTP because we were worried there wouldn't get enough turnout - Not 50% of KISS feels represented, so maybe we make a note for future to revisit the issue - It only takes 2 weeks to get spiritwear - We need to decide now whether we'll run it again - If we're doing top 5, do FPTP, if top 3, do ranked - Need to submit spiritwear order by 15th to get it by December 1st - Can't do cheques for order - 26% voted for the original, but 74% voted against - Do we want people to get it before the break? Yes, most people want it then - Should we reopen the vote: 2 yes, 8 no, 6 abstained - Will keep information for next year's committee - If we do a revote till November 7th, we can have orders till the 21st, and receive them by the 5th - We generally take turns with the cash box, and keep with Darlene - Most people voted for cardigans (23.96+tax printed) and t-shirts (16.63+tax); would round up to nears 5 and then use for KISS - We'll be selling embroidered cardigans for \$30 and printed t-shirts for \$20 - Will decide what to do with potential loss or gain 	<ul style="list-style-type: none"> - Jon will release just the winner with the Spiritwear form
