Communitech	<ul style="list-style-type: none"> - Yanish (systems design engineer who works at Communitech) - Wants to know if KISS would be willing to partner with Communitech so that they could get student society benefits - Could be some issues, so would definitely want to check with Feds and also Rob/department - might be conflict of interest - Would be an interesting partnership for us to develop because of Communitech's place in KW (networking!) but also for on-campus events for 1st/2nd years to get involved with logistics - Would also be a good way for us to get our name out around campus (if we're on posters, etc.) 	<ul style="list-style-type: none"> - Ian will either follow up one-on-one or invite him to a KISS meeting
